

Streets, Public Utilities & Sewers Committee Agenda

March 7, 2022 at 4:00 PM

Streets, Public Utilities & Sewers Committee

Bob Rosen, Chair
Jay Shatz
Rich Bardach

Staff Liason

Scot Lahrmer, Village Manager
Tony Chesney, Maintenance Supervisor
Wes Brown, Zoning and Project Administrator

MINUTES

1. Approval of minutes: December 21, 2021

TOPICS OF DISCUSSION

1. Farmcrest Street Reconstruction Bid
2. Fire hydrant purchase
3. Village mowing contract
4. ODOT agreement for Ronald Reagan Highway
5. Engine braking on Ronald Reagan Highway

ADJOURNMENT

Streets, Public Utilities and Sewers Committee Minutes
December 21, 2021

Attendees: Rich Bardach (Committee Member), Jay Shatz (Committee Member), Tom Muething, Scot Lahrmer, Wes Brown, Tony Chesney, residents James and Lori Reidel, and Bob Rosen (Committee Chair).

The meeting was called to order at 4:00 p.m. The minutes from the meeting of November 22, 2021, were reviewed and accepted.

There were 3 items on the agenda:

1. Section Road Storm Sewer Project

Mr. Lahrmer mentioned this was the final storm water project for 2021 and Zoning and Project Administrator Wes Brown shared that this project at 6915 Section Road was being pursued to replace off set joints in the 15-inch storm pipe. The Village looked at pipe replacement but ultimately decided installing a form liner in the entire 110 feet of storm pipe under Section Road, west of Amberacres, was most effective. Mr. Brown received a quote from CME Pipe Lining in the amount of \$16,250. The Village had anticipated the cost of this project between \$15,000 and \$20,000. The Committee discussed the project, and a motion was made by Mr. Bardach to recommend awarding a contract to CME Pipe Lining for this work. Seconded by Mr. Shatz and the motion carried.

2. Update on Farmcrest Street Reconstruction

Mr. Lahrmer updated the Streets Committee since it last met regarding the project on November 2. At that meeting, Village Engineer Frank Twehues provided an update with the street rebuild project, estimated at \$1.7 million. About 75% of the design had been completed at that time. Two grass medians were proposed as a means of calming the traffic. The Committee did not have a consensus on that or thermoplastic rumble strips that were proposed. The Committee recommended meeting with residents to get their input before the plans were finalized.

In November, Mr. Lahrmer sent a letter to the 43 households that are affected by this street reconstruction. The letter invited them to a meeting on December 15 and also asked for contact information so that the Village can continue communicating with them throughout the project. There were 10 residents who attended our meeting and Mr. Twehues did an overview of the project, talked about the elements of the plans including two grass medians. Overall, the residents were supportive of the grass medians and appreciative of the Village being mindful of trying to reduce speed on the street.

With that, Mr. Twehues has the plans 90% complete and will finalize the plans including the two grass medians. The plan is to bid in February and award at the March 14 council meeting. Mr. Lahrmer shared that staff video recorded the presentation and it is on our website along with the plans and the PowerPoint Mr. Twehues shared during the meeting. The Village is continuing to seek resident contact information so that a dynamic list of residents is accessible. There was also mention of how disruptive this project will be for a period of time. No action from the Committee was necessary.

Two residents in attendance, James and Lori Reidel of 3195 N. Farmcrest, stated they were not able to attend the December 15 meeting and wanted to find out if alternate arrangements could be made for their driveway, which is tinted asphalt. They were asking for a credit to be given to them instead of patching their driveway. Mr. Brown indicated he would work with them on this matter as the Village gets closer to the project but typically, the Village would not issue any credit but would non-perform certain work if the property owner had plans to do something to their driveway the next year. Contact information was shared by the residents.

3. Purchase of Tractor and Boom Arm Mower

Mr. Lahrmer referred the next item to Maintenance Supervisor Tony Chesney who indicated he has worked out an equipment purchase/sharing arrangement with Symmes Township on a tractor and boom arm mower. Mr. Chesney shared that the Village has borrowed this equipment from Symmes Township in the past and while it has represented huge savings to the Village, however, the equipment is nearly 20 years old, and Amberley Village is responsible for repairs required on the equipment while in its possession. As the equipment continues to get older, repairs have become more frequent and costly. In addition, Symmes Township often lends the equipment to other jurisdictions, with Amberley Village quite often one of the last communities to receive it.

Mr. Chesney approached Symmes Township about co-purchasing a new Tractor and Boom Arm Mower. There are various types of boom arm mowers, and they are all very expensive but valuable to those responsible for roadside trimming. Mr. Chesney's proposal was received well by Symmes Township as this particular piece of equipment, while only used for part of the year, is extremely costly, and the partnership would cut this cost in half for both communities. The quote from John Deere listed the new Tractor at a cost of \$65,159, and the quote from Alamo Industrial shows the cost of the Boom Arm Mower attachments at \$61,016. The grand total for the Tractor and Boom Arm equipment is \$126,175. Mr. Chesney is proposing that the two entities split the cost between Symmes Township and Amberley, with the cost for each jurisdiction estimated at \$63,087.

Questions were answered regarding the draft agreement between Amberley Village and Symmes Township which allows the Village equal access to the Tractor and Boom Arm Mower without having to wait for it to be returned from other communities, as Amberley Village and Symmes Township have equal ownership. Both parties agree to shared maintenance costs and annual preventative maintenance, and it was suggested by the Committee that insurance be split as well.

Mr. Lahrmer noted that \$65,000 had been budgeted but since the Village will be purchasing the piece of equipment, it will be necessary to appropriate the full purchase price as Symmes Township will pay their share to the Village. That change to the 2022 Budget will occur later.

Mr. Shatz asked about how the tractor would be branded and suggested we promote the cost savings associated with this arrangement.

A motion by Mr. Shatz to recommend the purchase was seconded by Mr. Bardach and the motion carried.

There being no further business, the meeting was adjourned.

Bob Rosen, Chair of the Streets, Public Utilities and Sewers Committee

PROJECT: FARMCREST & KINCAID RECONSTRUCTION

OWNER: VILLAGE OF AMBERLEY

PROJECT NO.: 210238

BID OPENING DATE: MARCH 2, 2022 at 10:00 A.M.

Purchase of 20 Fire Hydrants from Hamilton County, for the North and South Farmcrest Street Reconstruction Project and 2022 Street Program.

Cincinnati Water Works (GCWW) has two water main projects scheduled in the Village in 2022. The first project is part of the Farmcrest/Kincaid Street Reconstruction project, and the second main project is part of the Village's 2022 Street Program on Bluegrass Lane, Meadow Ridge Lane and Elbrook Avenue (south of Section Road).

GCWW will pay to install the mains and fire hydrants but since the Village owns the fire hydrant, we must purchase the hydrants for the project.

Hamilton County has bid the purchase of fire hydrant for the year 2022 and has agreed to supply the 20-fire hydrants for the two water main projects at a cost of \$1,752.58 per hydrant, plus a 5% fee.

Farmcrest/Kincaid Reconstruction Project water main requires 11 fire hydrants at a cost of \$20,242.29 (including the 5% fee).

2022 Street Program water main requires 9 fire hydrants at a cost of \$16,561.88 (including the 5%).

The total cost of purchasing the fire hydrants for the two GCWW water main project is \$36,804.

Subject: 2022 Grass bids

Scot,

Over the last few months, we have worked on getting our grass cutting specification improved on all sides of our grass contracts. The biggest part of the contracts where we have based our grass cutting of 32 cuts per year where the standard was 28. The Amberley Green property which was mowed 2 times a month will now be mowed weekly. It was also based on 32 cuts per year now.

The 2022 Grass bids were placed in the Cincinnati Court Index Press Inc, by Tammy. Carolyn and I sent old, new, and prospective contractors wanting to bid our projects via other municipalities. The contractors who sent out bid specification.

Fredrick's Landscaping, which is a division of Schill Grounds Management
River Oaks Services
Neals Corner Customs
EMES Lawn Care
Tindale's Lawn and Landscape

Bid openings were held on March 4, 2022, at 10:00 a.m. Two contractors submitted bids for our 2022 Grass contracts.

Fredrick's Landscaping submitted bid for all 3 contracts and EMES Lawn Care only submitted for contract B the Amberley Green.

Fredrick's Landscaping based on 32 \$24,596.48	Contract A Municipal Building and Grounds	\$768.64 per cut
EMES Lawn Care	Contract A Municipal Building and Grounds	NO BID
Fredrick's Landscaping based on 32 \$75,374.40	Contract B Amberley Green	\$2,355.45 per cut
EMES Lawn Care based on 32 \$49,440.00	Contract B Amberley Green	\$1,545.00 per cut
Fredrick's Landscaping on 32 \$16,497.60	Contract C North Site, ROW, and Ronald Reagan Ramps	\$515.55 per cut based
EMES Lawn Care	Contract C North Site, ROW, and Ronald Reagan Ramps	NO BID

This information will be presented to the Streets, Public Utilities Committee on Tuesday March 7, 2022 at 4:00 p.m.

Thank you,

Tony Chesney
Maintenance Supervisor

ORDINANCE NO. _____

APPROVAL AND GRANTING CONSENT TO THE DIRECTOR OF THE OHIO DEPARTMENT OF TRANSPORTATION AUTHORITY TO, APPLY, MAINTAIN AND REPAIR STANDARD LONGITUDINAL PAVEMENT MARKINGS AND ERECT REGULATORY AND WARNING SIGNS ON STATE HIGHWAYS INSIDE VILLAGE CORPORATE LIMITS, AND

GIVING CONSENT OF THE VILLAGE FOR THE OHIO DEPARTMENT OF TRANSPORTATION TO REMOVE SNOW AND ICE AND USE SNOW AND ICE CONTROL MATERIAL ON STATE HIGHWAYS INSIDE THE VILLAGE CORPORATE LIMITS, AND

GIVING CONSENT OF THE VILLAGE OF AMBERLEY FOR THE OHIO DEPARTMENT OF TRANSPORTATION TO PERFORM MAINTENANCE AND/OR REPAIR ON STATE HIGHWAYS INSIDE THE VILLAGE CORPORATION.

WHEREAS, the Director of Transportation, under Section 5521.01 of the Revised Code of Ohio, is authorized upon request and approval of the legislative authority of the Village to maintain, repair and apply standard longitudinal pavement marking lines and to erect regulatory and warning signs, as defined in the manual adopted under section 4511.09 of the Revised code on any section of a State Highways within the corporate limits of a village; and

WHEREAS, the Director of Transportation, under Section 5501.41 of the Revised Code of Ohio, may, upon consent of the legislative authority of the Village, remove snow and ice and use snow and ice control material on State Highways within the corporate limits of a Village pursuant to a written agreement to be entered into between the Village and the Department of Transportation of the State of Ohio; and,

WHEREAS, the Director of Transportation, under Section 5511.01 of the Revised Code of Ohio, may, upon the consent of the legislative authority of the Village, perform maintenance and/or repair on the State Highways within the corporate limits of the Village pursuant to a written agreement to be entered into between the Village and the Department of Transportation of the State of Ohio; and

WHEREAS, State Highway Nos. State Route 126 lies within the Village of Amberley, Hamilton County; and

WHEREAS, the work proposed to be authorized under this ordinance shall be restricted to the application, maintenance and repair of standard longitudinal pavement markings and the erecting of regulatory and warning signs, and may include if an Agreement is entered into, the removal of snow and ice and the use of snow and ice control material on State Highways within the corporate limits of Village

but shall not include the removal of snow and ice and the use of snow and ice control material on driveways, parking areas, and intersecting roads and streets, and, may include if an Agreement is entered into, the maintenance and/or repair of the State Highways within the corporate limits of the Village; and

NOW, THEREFORE, BE IT ORDAINED, by the Council of the Village of Amberley, State of Ohio as follows:

SECTION I: It is hereby declared to be in the public interest that the consent of said Village be, and such consent is hereby given to the Department of Transportation of the State of Ohio for said Department to apply standard longitudinal pavement markings, and to erect regulatory and warning signs on said State Highways in accordance with the standard practices of the Ohio Department of Transportation.

SECTION II: It is hereby declared to be in the public interest that the consent of said Village be, and such consent is hereby given to the Department of Transportation of the State of Ohio, if an agreement is entered into, for said Department to remove snow and ice and use snow and ice control material on any State Highways listed in the agreement in accordance with the standard practices of the Ohio Department of Transportation.

SECTION III: It is hereby declared to be in the public interest that the consent of said Village be, and such consent is hereby given to the Department of Transportation of the State of Ohio, if an agreement is entered into, for said Department to perform certain maintenance and/or repair on any State Highways listed in the agreement in accordance with the standard practices of the Ohio Department of Transportation.

SECTION IV: That the Village Administrator is authorized to enter into any agreement with ODOT for the removal of snow and ice and the use of snow and ice control material on said State Highways within the corporate limits of the Village and any agreement with ODOT for certain maintenance and/or repair of the State Highways within the corporate limits of the Village.

SECTION V: That the Clerk is hereby directed to furnish the Director of Transportation and the Board of County Commissioners of Hamilton County, Ohio, with a certified copy of this Ordinance immediately upon execution.

SECTION VI: That this Ordinance shall take effect and be in force at the earliest time allowed by law.
