Laura Hartlein

The meeting was called to order at 4:40 PM.

The minutes of the March 1, 2023 meeting were approved.

Scot Lahrmer, Village Manager reviewed for the committee the Accelerated Street Program which was passed by Council in December of 2020. This program anticipated an investment of \$6.7 million over a period of 8 years to significantly upgrade the condition of every road in the Village. The plan has basically progressed on schedule. The plan is scheduled for completion in 2028.

The Village Manager and Chris Fritsch, Zoning and Project Administrator then provided the Committee with an update on the Farmcrest Reconstruction Project and the Wiehe Rd. Improvement Project. All residents of Farmcrest Rd. and Kincaid Rd. were sent a detailed letter explaining the scope of work to be done and asking for patience as the project progresses. Work is expected to start on the next two weeks and completion is scheduled for mid-summer. The portion of the Wiehe Rd. project the Village is partnering with Golf Manor on is expected to be completed by the end of June.

The Village Manager then presented to the Committee a Resolution proclaiming May 21 to May 27th as National Public Works Week. This Resolution will

recognize the excellent work provided by the Maintenance Department to the residents of the Village. It was moved by Councilman Bardach, seconded by Councilman Shatz that the Committee recommend that Council approve this Resolution at its next meeting. The motion passed with a unanimous vote.

There being no further business, the meeting was adjourned at 5:03 PM>

DRAFT

BID EVALUATION FORM**ITB# 047-23-Gasoline****Agent - TT****Date: April 6, 2023**
